

# LATEX•ITE®

Worldwide Recreational Coatings...Since 1945

## DURABILITY

Our revolutionary fiber system is added to the 100% acrylic binder, assures you trouble free playing enjoyment for years to come. Thanks to the extra strength of these fibers, **latex•ite**® surfaces consistently outlast the competition.

## PLAYABILITY

Outstanding performance is the key to the best playability, and that's what you get with **latex•ite**®. A surface that assures the player both sure-footedness and a consistent ball bounce. You can even vary the "playing speed" to render a slow medium or fast court.

## COLORS

To request a color card with actual samples of **latex•ite**® Tennis Surfaces - please email us: [info@latex-ite.com](mailto:info@latex-ite.com) or call 888-711-7483. Custom colors available.
